

LD-AS4208H
Fully automatic 8-spindle winding machine

Spindle number:	8
Spindle pitch:	42
Wire diameter range:	0.03~0.7mm (depending on the actual configuration of the tensioner)
Maximum speed:	6000rpm
Spindle motor(S1):	Servo motor 1KW
X/Y/Z axis motor:	Servo motor 400W*3
Front and rear displacement motor of remaining wire clamp:	Servo motor 400W
Driven shaft rotating shaft(S2):	Servo motor 750W
Driven shaft (tail top) front and rear displacement motor:	Servo motor 400W
Total maximum consumption power:	3600W
Moving speed:	70mm/sec
Power Supply:	AC 220V±10% 50HZ
Required Air Pressure:	4~6kgf/cm ²
Dimensions :	L1560 x W1320 x H1520mm
Net Weight:	420Kgs
