

LD-S100CLL

Double-servo side single-spindle full function winding machine

Wire Size :	0.025-3.5mm (According to the tensioner configuration)
MTC Tensioner type :	MTCSS(0.025~0.12mm wire range)
Mechanical tensioner:	T003(0.12~2.0mm wire range)
Mechanical tensioner:	T004(2.0~3.5mm wire range)
Controller:	Motion controller + touch screen (English interface)
Max .Speed :	0~3000RPM
Main Motor :	AC Servo Motor 1500W
Winding Width :	340mm
Spreading Motor :	AC Servo Motor 750W
Spreading Width :	350mm
Power :	AC 220V 50/60Hz
Net Weight :	100kgs
Dimensions :	L1300*W650*H550mm
Additional installation:	Spindle turntable/High and low speed switch/Brake shutdown switch/Accelerator foot switch/Tailstock for coil installation/ Protective cover
