

LD-1500
Automatic Tube Cutting Machine

Machine Features:

Using a microcomputer numerical control display device, the cutting length/quantity/loading speed can be freely set, and an adjustable roller loading mechanism is installed. Both sides automatically adjust the pressure and lift, which can quickly discharge, with thimble-type feeding mechanism, it can effectively prevent material scratches, with high precision, less loss, automatic shutdown when material is lacking, and unattended. The model design conforms to ergonomic principles, and the operation is simple and automatic.

Machine parameters:

Cutting length	0.1~9999.9mm
Cutting width	100mm
Power consumption	300W
Power supply	AC 220V 50/60 Hz
Dimensions	360(L)X300(W)X350(H)mm
Net Weight	29kgs
