

LD-1600A
Automatic copper wire cutting machine

Machine parameters:

Cutting line length	10~100000mm(length can be adjusted)
Wire diameter range	0.3~2.5mm
Cycle time	1.1~10 seconds (depending on line length)
Power consumption	1KW
Compressed air pressure	0.6~0.8Mpa
Power supply	AC 220V 50/60 Hz
Dimensions	L1200*W500*H400mm
Net Weight	40kgs
